SUBSTANCE OF INTERVIEW

Dear Sir:

In response to the Interview Summary mailed on January 23, 2004, Applicant hereby submits this statement of the substance of the interview. This paper is being submitted within one month from the mailing date of the Interview Summary and is therefore timely filed. Though no fees are believed to be due in connection with this response, the Commissioner is hereby authorized to charge any fees that may be due, or credit any overpayment, to Deposit Account No. 19-2025.

On January 20, 1004 a telephonic interview was conducted between Attorney for Applicant Arthi K. Tirey (“Attorney”) and Examiner for the subject application Brian K. Green (“Examiner”). The Attorney and Examiner briefly discussed defining in claims 1 and 10 that the surface area of the first surface of the substrate is coated in its entirety with a first colored coating composition, and that such elements are not disclosed in the Dohse patent. The Examiner indicated that such new elements would probably not be entered as they may raise new

issues that would require further consideration. Accordingly, no agreement was reached with respect to any of the claims.

Respectfully submitted,

THE SHERWIN-WILLIAMS COMPANY
